ISSUE ONE | FEBRUARY 2022 | NEWSLETTER

## THE PROJECT

Start Point aims to support civic integration and democratic participation of young adults with disadvantaged backgrounds. The final goal is to create an online, free toolkit that teaches the participants the core value of social and political engagement on a local, regional, national and EU level. We are currently going through the first phase of the project during which we are creating and implementing the Methodological Framework Guidelines for the field and desk research meant to understand the weak points, gaps, flaws, and needs of each partner country that will follow during the next stages. The project began on November first, 2021 and is coordinated by KulturLife and supported by the European Commission under the Erasmus+ Program.
