## URBAN REGENERATION WITH THE HELP OF ARTIST ENTREPRENEURSHIP

### What it is?

Art Urban Regen, supported by European Commission under Erasmus+ Programme is a European project which aims to provide training in the subjects of urban regeneration, artistic and creative skills and entrepreneurial artistic industries, in order to build creative and entrepreneurial minds, and to find a solution to the abandonment of buildings, giving them a second opportunity.

### NEXT STEPS IN A PANDEMIC

The project Art Urban Regen's partnership has been working together, cooperating and collaborating during the last months of the project development in order to provide information about the Policy Guidelines through best practices in each partnership's country, as well as, promotion activities and dissemination in order to continue with the dissemination of the project.

Along the years of progress, the following Intellectual Outputs have been developed, which can be found at the official website of the project Art Urban Regen:

- IO1 – Training package Urban regeneration with the help of artist entrepreneurship
- IO2 – E-Learning platform
- IO3 – Handbook for Training facilitators in Urban regeneration with the help of artist entrepreneurship
- IO4 – Assessment tool and recognition of learning outcomes
- IO5 – Policy Guidelines on Urban Regeneration with the help of artist entrepreneurship

Due to the travel difficulties and contingencies results of the Covid-19 pandemic, the consortium could not proceed with the celebration of the face to face transnational meeting in Sweden, hosted by the partner Mexpert. However, the transnational meeting was celebrated on online bases and the obtained results were positive and effective management of the project was achieved in order to accomplish the desired results. Moreover, the consortium proceeded with the organization of the Multiplier Events during the month of September, organized either face to face or online Events (depending on National Covid-19 restriction rules), in order to promote the project. FyG Consortium would hold them on online bases.
