November 2025

### What about a run through 2 years of Eqpay4all?

Since 1st Dec 23 the project "EqPay4AI" received funding by the Erasmus+ programme of the European Union in the field of Youth.

We have aimed to enhance the empowerment of young and adult women while providing educational organisations, trainers, and other interested parties with tools to address the issue.

We have developed:

- a webinar series
- a virtual think tank
- a campaign

The project results have been made publicly available and remain free of cost, also beyond the project's end on 30th November 25.

### It's not just a project

When a consortium is built and a project is implemented, there is much more to it than this:

- We build new partnerships and networks.
- We find new friends.
- We inspire each other and our surroundings.
- We create something, investing lots of effort.
- We enhance creativity.

It's not just a project, it's a wonderful, challenging, inspiring, and life-changing journey!  
Join our journey and become part of it.

### The project comes to an end

After almost two years, the project period will end officially on 30th November 2025.

Up to now, we achieved all project goals and elaborated the foreseen project results, that we are happy to disseminate in this very last period.

We would like to invite you, to register on our project's platform and to check out what we worked on: <https://vtt.eqpayforall.eu/>

We are proud and happy and hope that it makes a difference!
