Issue 3

“Promoting Refugee & Migrant Integration through Education (PROMISE)”

PROMISE PROJECT

PROMISE is an EU Erasmus+ project bringing together project partners and experts from Ireland, Turkey, the United Kingdom, Germany, Spain and Italy.

This project aims to enable service providers dealing with refugee and migrant

inclusion to improve collaborative planning and coordination of education activities, increase the ability of educators to deliver effective, personalised and culturally sensitive education and develop an innovative learning framework that provides refugees with

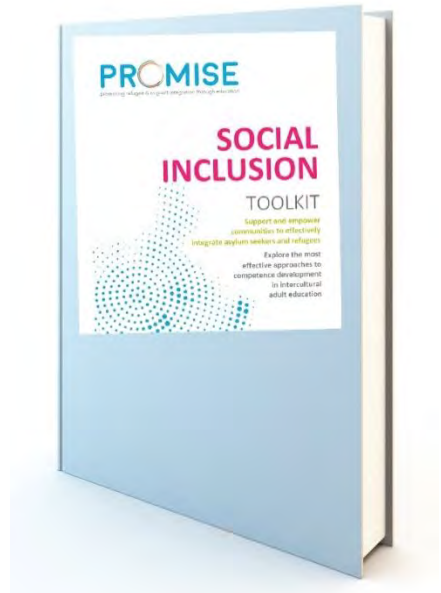

Our online platform and “Promise Agent of Inclusion Open Education Resources for Service Providers” will connect you to expert knowledge and advice: www.promise-project.eu

opportunities for knowledge and skills development in the areas most needed for a successful transition into a new life.

Updated Social Inclusion Toolkit:

Based on the pilot testing conducted with 78

stakeholders from Ireland, Turkey, Spain, Italy and Germany, the PROMISE partnership has updated the “**Social Inclusion Toolkit**” presenting best practice from across the EU which educators can replicate or adapt in their own communities. Approaches have been organized thematically – employment & education, civic life & culture, well-being & family, health & sports (added)

THE IMPACT OF COVID-19 RESTRICTIONS

On project meeting, the training event and the multiplier events

Due to the Coronavirus outbreak in Europe, restrictions and precautions have been implemented by the governments of partner countries including the Irish NA. The partnership have had to adapt project activities, which included hosting the final partner meeting (virtually). The project consortium are currently working on mechanisms to delivery learning events and multiplier events online.

Final Project Meeting (Online)

The fourth partner meeting was organized virtually on 3rd June 2020 in order to discuss project outputs, quality management and evaluation, dissemination and sustainability strategy and plan online events for the coming months.

Rescheduled Skills Accelerator learning activity via virtual mechanism

After completing the IOs, we will use them to deliver the Skills Accelerator learning activity in autumn 2020. This will enable us to prepare the

first generation of educators to employ the PROMISE framework. These participants will ascertain an important role as project ambassadors participating in multiplier events, fulfilling wider dissemination efforts and maximising sustainability overall.

Multiplier Events

Each partner will organize an online multiplier event in the near future for target audiences in their region. The showcase will highlight the role of interagency networks, help you to understand the value of the OERs while encouraging participants to either integrate

the framework and IOs into their ongoing work, or use their position to disseminate the resources and encourage other groups to use them.

If you are working in an organisation dealing with refugee and migrant inclusion in your region, you can register your interest in participation at these online multiplier events by contacting the project co-ordinator in your region. Remember, PROMISE have partners from Ireland, Germany, Italy, Spain and Turkey:
