

PRESS RELEASE

SIMPLY INCLUDED, supported by European Commission under the Erasmus+ Program and coordinated by KulturLife, starts on December 1st 2019 and promotes awareness of the need for social inclusion of migrants and refugees in companies and VET, as well as the positive use of diversity in professional structures.

The project is a follow-up project of the Erasmus+ SIMPLE project (Social Inclusion of migrants through Peer Learning Experience) in VET and aims to develop pedagogical methods and materials built upon the concept of cooperative learning together with international project partners. The project outputs are intended to support migrants and refugees becoming aware of their strengths and competences and to present them on the European labour market. This should facilitate their integration into the educational system and at the same time combat unemployment among the target group. Companies and society should also be sensitized for this topic and should create awareness of these issues. The project addresses the need of migrants and refugees, vocational trainers and teachers and companies while all of these groups should be actively involved in the development of the above described material.

Project number: 2019-1-DE02-KA202-006153

Project duration: 01.12.2019 – 28.02.2022
